

NATIONAL N CERTIFICATE

MECHANICAL ENGINEERING N4

DESCRIPTION

This qualification is to build the knowledge and skills required by employees in all types of mechanical engineering environments (in various sectors of the economy) that would add value to the qualifying learner in terms of enrichment of a person, status and recognition.

The purpose of this qualification is to provide learners, training providers and employers with standards and the range of learning required to work effectively within various industries making use of Mechanical engineering knowledge and skills to meet challenges of the Mechanical engineering environment.

ENTRY REQUIREMENT

1. N3 Nated Certificate
2. Matric Certificate with a pass in Mathematics and Physical Science

DURATION AND ACCREDITATION

3 Months for theory, simulations and on-site practicals

This course is accredited by the Quality Council for Trades and Occupation (QCTO) and assessed by the Department of Higher Education and Training

EST 2005

EXAMINATION / ASSESSMENTS

The learner is externally assessed by Department of Higher Education and Training at the end of each trimester in the modules that the learner registered in that particular trimester. To qualify for this assessment, the learner has to obtain 40% in each of the Internal Continuous Assessments (Tests and assignments) conducted internally during the course of the trimester.

CERTIFICATION

A National Nated Certificate in Mechanical Engineering N4 will be issued on successful passing of all required N4 modules. This certificate is issued by Department of Higher Education and Training as the quality assurance and assessment body.
